The American people, through the U.S. President’s Emergency Plan for AIDS Relief (PEPFAR), support the fight against global AIDS through bilateral and regional programs in over 65 countries. As a result of this commitment, the U.S. supported life-saving treatment for 6.7 million men, women and children worldwide. In addition, the U.S. is the largest donor to the Global Fund to Fight AIDS, Tuberculosis and Malaria.

PEPFAR activities include:

- Supporting life-saving treatment for 6.7 million men, women and children worldwide.
- Being the largest donor to the Global Fund to Fight AIDS, Tuberculosis and Malaria.
- Operating in over 65 countries.
